ORGANIZATION

SAIN'T THOMAS COLLEGE is a classical, scientific day College for young men of Scranton and vicinity. It was established in 1888 by Rt. Rev. William O'Hara, D.D., Bishop of Scranton, to afford the benefits of a thorough Collegiate education under Catholic auspices to the young men of his newly established diocese, particularly for those who aspired to the priesthood.

The Institution is under the direct supervision of its Honorary President, the Right Reverend Michael J. Hoban, D.D., Bishop of Scranton.

It was chartered under the laws of the State of Pennsylvania and empowered to confer Bachelor's and Master's degrees in 1924.

Since September 1897, the College has been in charge of the Brothers of the Christian Schools.

The location of the College on Wyoming Avenue, within the precincts of St. Peter's Cathedral, is ideal for educational purposes. It enjoys the signal advantage of being easily accessible by all systems of transportation, whether by steam or electricity, that connect the center city with the various sections of Scranton as well as with the suburban divisions and

all the towns located throughout the Lackawanna and Wyoming Valleys.

The College buildings are large, commodious, suitably lighted, heated and ventilated. The class rooms and lecture halls are well equipped and appointed. Amply furnished laboratories are at the disposal of the science students, affording suitable opportunity for experimental work in physics, chemistry, physiology, botany and zoology.

Latin and Greek are taught by members of the Diocesan Clergy who are especially delegated for this work by the Right Reverend Bishop.

As the College is conducted by the Brothers of the Christian Schools—men devoted exclusively to the cause of Christian education—the chief aim is, not merely to enlighten the intellect, but principally to cultivate the heart, to develop character, to form the conscience, to foster good habits, and to fashion the cultured Christian gentleman.

The College affords students every facility for acquiring a broad, liberal education, which is both thorough and Christian. It aims not only to prepare young men for every honorable position in life, but likewise to impart a training which will enable them to perform faithfully their duties as devout Christians and worthy members of society. While the College is a Catholic institution, it does not exclude non-Catholics who are willing to abide by its general regulations.

COLLEGE REGULATIONS

ENTRANCE REQUIREMENTS

Students who have completed creditably the course of studies at any high school accredited by the State Department of Public Instruction of Pennsylvania are admitted without examination, providing the studies are preparatory to the department in which the candidates matriculate.

COURSE LEADING TO THE DEGREE OF BACHELOR OF ARTS

A candidate for the course leading to the degree of Bachelor of Arts must have fifteen High School units as follows:

English	3 units
American History and Civics...	1 unit
Algebra (Quadratics Included) ..	1 unit
Plane Geometry	1 unit
Latin	3 units

Additional credits in these subjects will be accepted and in the following subjects as follows:

English	German	General Science
Ancient History	Spanish	Solid Geometry
Medieval History	Physics	Trigonometry
Modern History	Chemistry	Economics
French	Biology	Physiography

In any modern language 2 units are required.

COURSE LEADING TO THE DEGREE OF BACHELOR OF SCIENCE

For entrance to the course leading to the degree of Bachelor of Science fifteen High School units are required as follows:

English	3 units
American History and Civics...	1 unit
Algebra (Quadratics Included)...	1 unit
Plane Geometry	1 unit
Science (Physics, Chemistry or Biology)	2 units

The remaining units may be made up of the following:

English	German	General Science
Ancient History	Spanish	Solid Geometry
Medieval History	Physics	Trigonometry
Modern History	Chemistry	Economics
French	Biology	Physiography
Mechanical	Manual Training	Shop Work
Drawing		

In any modern language 2 units are required.

The Institution honors credits toward advanced standing from other colleges. The Candidate must present a letter of honorable dismissal and a certificate properly signed by the college authority showing the subjects studied, the number of semester hours given to each subject, the average attained, the textbook used and the amount of matter covered.

EXPENSES

The scholastic year is divided into two semesters, commencing respectively on the third Monday of September and the first Monday of February. Payments for each semester are required in advance.

TERMS

Tuition, per semester	\$75.00
Laboratory fee for each course,	
per year	20.00
Evening courses, Fall and Winter	
Term	\$5.00 per credit
Athletic fee	10.00
Aquinas fee	5.00
Cash for books and class requisites	25.00

The Athletic and Aquinas Fees are obligatory on all students.

SPECIAL FEES

Graduation—Bachelors' Degree ...	\$20.00
Certificate	5.00
Condition examination, per subject .	2.00
Credits certified to another college	2.00

Books and Stationery at current prices.

Neither diploma nor certificate will be issued until a complete settlement of accounts has been made.

No deduction will be made for absences or withdrawal, except in case of prolonged sickness or permanent suspension.

All injury to the property of the College, and breakage in the laboratories are at the expense of the students.

GENERAL REGULATIONS

HOME STUDIES

Industry is required for success in life. The student's individual effort counts for much more than the zeal, earnestness and enthusiasm of the teacher in the formation of those habits which make the successful man.

No time is allotted for the preparation of lessons during the school-day session. Parents should see that the assigned work is prepared at home.

To attain proficiency in the branches taught in the College, the student should devote at least three hours every evening to the earnest preparation of his class studies. Parents and guardians are requested to communicate with the President whenever this preparation is neglected.

ATTENDANCE

Parents and guardians are respectfully reminded that regular attendance and strict punctuality are absolutely necessary to insure success. Whenever detained, through sickness or for other adequate reason, the student is required to acquaint the President by a timely note of excuse.

The rules governing absences for any cause are found under the Scholastic Regulations.

The school hours are from 9.15 A. M. till 2.30 P. M. A half hour is set apart at noon for luncheon.

DISCIPLINE

The students are expected to conform to such discipline as has been judged essential to good order and the formation of habits of self-control; these constitute the elements of happiness in after life. They are required to cultivate an amiable disposition, courteous deportment, and gentle manners. Attention to the use of correct and refined language is constantly insisted upon by the prefects and professors.

On all occasions, the students are expected to conduct themselves with the manliness, the propriety of word and manner, the genuine politeness and courtesy that befit and distinguish the cultured Christian gentleman.

Smoking is not permitted in any part of the College buildings.

Students must have all class requisites such as books, note paper, dissecting instruments, etc., before the class recitation begins.

Books and stationery must be procured before or after the daily sessions.

Students will be held to the regulations laid down in the Undergraduate Manual.

SCHOLASTIC REGULATIONS

1. The Scholastic year 1926-1927 begins on the twentieth of September and ends on the tenth of June.

2. Classes begin at 9.15 A. M.
3. Students absent from ten per cent. of the recitations in any course will not be allowed to take an examination in that course.
4. Each department may penalize absences and lateness by the assignment of grades and of extra work in any manner that it may see fit.
5. Professors have the right to demand the recitation of omitted assignments.
6. Students are held responsible for information and notices posted on the bulletin board within twenty-four hours after posting.

STANDING OF STUDENTS

1. A student who is forced to discontinue a subject, or who does not take a subject, obligatory in the course he is pursuing will be rated as a special student. A special student is one who is not a candidate for a degree.
2. Exceptional cases may be exempted from the courses and credits in Religion and Physical Training, when approved by the Committee on Admission and Standing of Students.
3. The student will be listed as a member of the lowest class of which he has not fully satisfied the requirements.
4. The student will not be allowed to change from one course to another during the scholastic year.

5. If, at the end of any year, a student wishes to change from one course to another, he may do so only with the approval of the Committee on Standing of Students, and he will be required to make up all the prescribed subjects of the new course which he has not already taken.

6. No group course will be given unless at least ten students apply for it. No single subject will be given as an elective unless five students apply for it.

7. A "unit" is defined as one hour of lecture or recitation, or two hours of laboratory work per week for one year.

8. A "credit" is defined as one hour of lecture or recitation, or two hours of laboratory work, per week for one semester.

EXAMINATIONS AND REPORTS

A bulletin, based on the written examinations, and signed by the professor in charge of the class, is sent home. From this bulletin, parents may learn what progress their sons are making and whether they devote sufficient time at home to the preparation of the class work.

Grades are appreciated as follows:

95 to 100	Honors
80 to 94	Excellent
70 to 79	Satisfactory
60 to 69	Conditioned
Below 60	Failed

Students who receive 60 to 69 may take a re-examination in the subject. This re-examination must be governed by the department in which he has been conditioned.

Students who receive below 60 must repeat the subject.

Bi-monthly tests are given and the reports of these tests will be sent to parents upon request.

THESIS

Every candidate for a degree is required to present a thesis on a subject connected with his course. The topic must be submitted to, and approved by, the Committee on Degrees by November the second of the candidate's Senior Year. It must be completed and submitted for the approval of the Committee on Degrees before April 15 of the year of graduation. A thesis thus submitted and approved becomes wholly the property of the College and is deposited in the College library. Its publication, in whole or in part, by the candidate, is not permitted except upon authorization by the Committee.

The thesis must be typewritten on pages 8½x11 inches size, with an inner margin of 1½ inches and all other margins of one inch. The title page must contain the subject of the thesis, the writer's name, the name of the degree applied for, and the year; also the approval of the department under which the thesis was written.

Science theses must be accompanied by the necessary drawings and illustrations.

REQUIREMENTS FOR THE DEGREE OF BACHELOR OF ARTS

St. Thomas College offers several courses leading to the degree of Bachelor of Arts. These courses meet the needs of those selecting a liberal education for the ecclesiastical state, for law, for the teaching profession, for journalism, or in pure science.

The candidate for this degree must complete seventy-six units of work in the subjects specified in the particular course he is pursuing during the four years of college.

The studies for the Freshman Year are the same in all the courses. By April the thirtieth of his Freshman Year the candidate selects one of the four courses outlined below, and on a form provided for the purpose, notifies the Committee on Standing of Students of the course he intends to follow during the remaining three years.

A candidate for the degree of Bachelor of Arts from St. Thomas College must obtain his last nineteen units of required credit at the College.

COURSES LEADING TO THE DEGREE OF BACHELOR OF SCIENCE

St. Thomas College offers two courses leading to the degree of Bachelor of Science. These courses are:

Bachelor of Science (General).

Bachelor of Science in Preparation for Medicine.

In order to obtain the degree of Bachelor of Science in any one of the above groups the candidate must obtain the total number of credits prescribed for that group.

The same general Scholastic Regulations apply for these courses as for the courses in Arts.

All of the work of the Senior Year must be done at St. Thomas College.

Requirements for the Thesis are the same as for the courses leading to the degree of Bachelor of Arts.

EVENING AND SUMMER COURSES

The College offers its facilities to men, especially teachers, who wish to acquire the Bachelor of Arts or Bachelor of Science degree, but who may be unable to attend the regular day sessions. For this purpose, courses of study are conducted in the evenings, on Saturdays and during the summer.

These courses will be given evenings for two semesters of eighteen weeks each. Evening courses from 7 to 9 P. M. Saturday courses from 9 A. M. to 12 M.

The Summer School course will continue for six weeks and the lectures and laboratory work will be arranged so that credit in one semester's work may be given in the branches taken.

Classes will be held in the College classrooms and thus the residence requirements will be satisfied.

The courses offered are taught by members of the College faculty. The instruction given will be the exact counterpart of the courses offered during the regular day sessions.

Students in this course are held to the same Entrance Requirements, General and Scholastic Regulations, etc., as are the regular day students, with proper modifications.

TEACHER PLACEMENT SERVICE

Attention of students is called particularly to the fact that the Appointment Bureau of the College cooperates with the Placement Service, Teacher Bureau, of the Department of Public Instruction, Harrisburg, Pennsylvania, thus offering additional facilities for the placement of graduates of this institution.

The Teacher Placement Service has been established by the Department of Public Instruction and its purpose is to assist school officials to secure competently trained teachers and to assist teachers to secure suitable positions in fields of service for which their training best fits them.

No enrollment fee is required and no charge is made for any service rendered by the Bureau. Blank forms for the enrollment and a circular containing full particulars with regard to the work of the Bureau may be obtained by addressing Henry Klonower, Assistant Director, Teacher Bureau, Department of Public Instruction, Harrisburg, Pennsylvania.

RELIGION

1. **Dogma.** God the Father and Creation; God the Son and the Redemption; God the Holy Ghost and Sanctification. History of the Old Testament.

One year—three hours.

2. **Moral.** General principles. Virtue and Vice; sin; Commandments of God and of the Church; Law—Individual, social, common law of nations. History of the New Testament.

One year—three hours.

3. **Worship.** Grace, prayer, sacraments, liturgy. First term—three hours.

4. **Apologetics.** I. Natural Theology. See Philosophy, No. 67.

First term—three hours.

5. **Apologetics.** II. General Ethics. Special Ethics. See Philosophy, Nos. 68 and 69.

Second term—three hours.

6. **Church History.** The Acts of the Apostles; the Persecutions; the Heresies; the Fathers of the Church; Conversion of Nations; the Ages of Faith; Monasticism; the Renaissance; the Council of Trent; the Church in America.

Second term—three hours.

LATIN

11. **Latin for Pre-Medical students.**
A one-year course for students who intend to study Medicine, Dentistry or Pharmacy.
One year—three hours.
12. **Livy**—Books, 1, XXI, XXII—Selections.
Horace—Odes, Epodes, Epistles.
Cicero—De Senectute, De Amicitia.
Prose Composition.
One year—three hours.
13. **Horace**—Satires.
Juvenal—Satires.
Tacitus—Germania and Agricola.
Pliny—Selected Letters.
One year—three hours.
14. **Plautus**—Captivi.
Terrence—Phormio.
Alternate Years.
The Roman Elegiac Poets—Selected (**Catullus, Ovid, Tibullus, Propertius**).
Selections from the Latin Fathers.
Latin Hymns.
Prose Composition.
One year—three hours.

GREEK

21. **Grammar.** Declension of Regular Nouns, Adjectives, Pronouns. General Rules for Accent. Pure, Mute and Liquid Verbs. Verbs in Mi and Irregular Verbs.

One year—three hours.

22. **Xenophon**—Anabasis, Books I-IV.
Homer—Iliad, Books I-III.
Homer—Selections from the Odyssey.
Study of Dialect; Prosody; Composition based on the Anabasis.

One year—three hours.

23. **Lysias**—Selected Orations.
Plato—Apology and Crito.
Demosthenes—On the Crown.
Lectures on Greek Oratory.
Compositions based on the Apology.

One year—three hours.

24. **Aeschylus**—Prometheus.
Sophocles—Antigone.
Euripides—Alcestis.
Aristophanes—Birds.
Lectures on the Greek Stage; Greek Tragedy; Greek Comedy.
Selections from the New Testament for Sight Reading.

One year—three hours.

FRENCH

- 31f. Elementary French.** This course is intended for those who begin French in College. Principles of French Grammar, Practice in reading, speaking and writing French. Its aim is to enable students to read ordinary French with ease, to understand to some extent the language when spoken.

Both terms—three hours.

- 32f. Intermediate Course.** This course presupposes two years of high-school French or the equivalent of elementary French. Review of Grammar; much attention is given to the essential principles; rapid reading and composition. French is made almost exclusively the language of the classroom.

Both terms—three hours.

- 33f. Third Course.** Pre-requisite course 32f. Review of French syntax. Oral and written Composition. Conversation. Reading of classical and modern authors.

Both terms—three hours.

- 34f. Advanced.** Pre-requisite Course 33f. Seventeenth Century Prose and Drama, and Composition. Review of French syntax. Oral and written composition.

Both terms—three hours.

- 35f. Pre-requite Course 34f. This course is arranged for Seniors.

History of French Literature

The outlines of French Literature.

Lectures and assigned readings chiefly from the authors of the Seventeenth, Eighteenth and Nineteenth Centuries.

Both terms—three hours.

SPANISH

- 31s. **Elementary Spanish.** This course is intended for those who begin Spanish in College.

Both terms—three hours.

- 32s. **Intermediate Spanish.**

Pre-requisite; Course 31s or equivalent.

Both terms—three hours.

- 33s. **Spanish Syntax and Composition.**

Pre-requisite; Course 32s.

Both terms—three hours.

- 34s. **Advanced Spanish Reading and Commercial Spanish.**

Pre-requisite; Course 33s.

Both terms—three hours.

- 35s. **Modern Spanish Literature.**

Both terms—three hours.

GERMAN

41. **Elementary German.** Fundamentals of grammar, reading and composition.
Both terms—three hours.
42. **Intermediate Courses.** Grammar and composition; oral and written exercises. Reading of German prose.
Both terms—three hours.
43. **Advanced German.** Reading of selected texts in prose and poetry.
Both terms—three hours.
44. **Scientific German.** Reading of technical texts. Course for engineers and chemists.
Both terms—three hours.
45. **German Essays and Discussions in German.**
Both terms—one hour.
46. **History of German Literature.**
Both terms—two hours.

PHILOSOPHY

60. **Introduction to Philosophy.** A survey of the field of Philosophy: divisions, methods, and principal problems, relations to the other sciences.
Both terms—three hours.

61. **Logic.** Nature of simple apprehension. Ideas and oral terms. Definition. Division. Judgment. The Proposition. Reasoning. The Syllogism, Its Rules and Divisions. Methodology. Method. Analysis and Synthesis. Different Kinds of Methods. Special Laws of each Method.
First term—three hours.
62. **Epistemology.** Truth and Certitude. In what operation of the intellect logical truth is found. Different states of the intellect in respect to truth.
Second term—three hours.
63. **Ontology.** Being. Unity. Truth. Goodness. Substance and Accident. Principles of Causality.
First term—three hours.
64. **Cosmology.** The World. Its Origin. Cause. End. Properties of Bodies. Constitution of Bodies. Atomism. Dynamism. Monism. Hylomorphism. Physical Laws. Miracles.
Second term—three hours.
65. **Rational Psychology.** Life in General. Vegetable Life. Origin of Organic Species. Sensitive Life. Essential Difference between Animals and Plants. Sensibility. External and Internal Senses. Sensitive Appetite.

Intellectual Life. Intellect. Criticism of Various Systems. Will: Its Object and Acts. Spirituality and Immortality of the Human Soul.

First term—three hours.

66. **Experimental Psychology.** Study of after images. Visual field. Auditory Space. Cutaneous Sensations. Weber's Law. Association. Memory. Apperception. Reaction. Time.

Second term—five hours.

67. **Natural Theology.** The Existence of God. Metaphysical, Physical and Moral Arguments. Atheism. Agnosticism. Materialism. The Nature of God. His Attributes. Pantheism.

First term—three hours.

68. **General Ethics.** Nature of Human Act. Ultimate end of actions. Determinants of Morality. Relation of end and means. Hindrances to the perfection of a Human Act. The passions, habit, virtue, vice.

69. **Special Ethics.** Man's rights and duties as an individual. Man's duties to God: adoration, love, obedience. Man's duties to his neighbor.

Man's rights and duties as a citizen. The common law of nations. Ecclesiastical society. Mission of the Church in the Modern World.

Second term—three hours.

70. **History of Philosophy.** Philosophy of the Christian Era—Patristic Philosophy; Heretical Systems; Ante-Nicene Fathers. Post-Nicene Fathers; Scholastic Philosophy; the Predecessors of St. Thomas; St. Thomas of Aquin; After St. Thomas. Modern Philosophy; Transition from Scholasticism; from Descartes to Kant; from Kant to our own time. Contemporary Philosophy.

Both terms—two hours.

71. **Scholastic Philosophy.** Logica: De simplici apprehensione; de judicio et propositione; de ratiocinio. Critica: De veritate et certitudine; de mediis verae certaeque cognitionis; deque ejus critero.

Ontologia. De ente ejus proprietatibus; de categoriis; de perfectionibus et causis entium.

First term—four hours.

72. **Cosmologia.** De mundi origine. De proprietatibus et constitutivis corporum; de legibus naturae et de earum derogatione.

Psychologia. De vita in genere et de vita vegetativa; de vita sensitiva; de vita intellectiva.

Second term—four hours.

73. **Theologia Naturalis.** De Dei existentia et essentia; de attributis divinis; de attributis operativis. Ethica generalis; de actibus humanis; de fine actuum humanorum; de essentia moralitatis; de fontibus moralitatis; de actibus indifferentibus; de virtutibus et vitiis; normis actuum humanorum directivis.

First term—four hours.

74. **Ethica Specialis.** De jure et officiis generatim; de officiis hominis erga Deum; de officiis hominis erga seipsum; de mutuis hominum officiis, de societate humana in genere; de societate domestica; de societate civili.

Second term—four hours.

EDUCATION

80. **Introduction to Teaching.**
Sophomore Year. One term—three hours.
81. **Principles of Education.**
Sophomore Year. One term—three hours.
82. **Educational Psychology.**
Pre-requisite, Philosophy 65.
Junior Year. One term—three hours.

- 83. **General Methods of Teaching.**
Junior Year. One term—three hours.
- 84. **History of Education.**
Junior Year. One term—three hours.
- 85. **History of Education.**
Junior Year. One term—three hours.
- 86. **Special Methods.**
Senior Year. One term—three hours.
- 87. **Observation and Practice Teaching.**
Senior Year. Both terms—three hours.
- 88. **School Administration.**
Senior Year. One term—three hours.
- 89. **Philosophy of Education.**
Senior Year. One term—three hours.
- 90. **Educational Measurements.**

HISTORY

- 101. **Ancient Civilization.** The progress of the human race in the evolution of social and political institutions.
First term—three hours.
- 102. **The History of Greece and Rome.** An intensive course in the history of both countries with attention to their influence upon the world in relation to literature, science, philosophy and government.
Second term—three hours.

103. **The Middle Ages.** Their distinctive spirit, manners, morals, and institutions; education, culture, and social organizations. The conflict of Church and State and the Crusades.
First term—three hours.
104. **The Renaissance.** The spirit and impulses of the Fourteenth century. Relation between the medieval and pagan spirit.
Second term—three hours.
105. **An Inquiry Into the Causes and Effects of the Reformation in Germany, to the year 1600.**
First term—three hours.
106. **Modern Europe.** A study of Modern Europe from 1600 to the present time.
Second term—three hours.
107. **United States.** The Constitutional History of the United States. A study of the constitution from the ratification to the close of the Civil War.
First term—three hours.
108. **American Countries.** Planting and growth of European civilization in the countries of North and South America. English, French and Spanish ideals, spirit and motives. Economic, social and political development.
Second term—three hours.

109. **The Philosophy of History.** An inquiry into the impulses, ideals, and spirit of the more important epochs in the history of mankind, with some consideration to the historical method and principle.

Both terms—three hours.

SOCIAL SCIENCE

110. **The Principles of Economics.** Practical economic problems; production, consumption, distribution and exchange.

First term—three hours.

111. **Economic History of the United States.** The history of economic development in the United States.

Second term—three hours.

112. **International Trade and Tariff Problems.**

First term—three hours.

113. **Economics of Agriculture.**

Second term—three hours.

114. **General Sociology.** The origin and development of society, general principles of social action; attention will be called to the problems of modern society.

First term—three hours.

115. **Principles of Sociology.** Social population, social forces, social processes, and the psychological aspect of society.
Second term—three hours.
116. **Social Problems.** Immigration, labor, rural and municipal problems.
First term—three hours.
117. **Theories of Social Reform in England and America.**
Second term—three hours.
118. **Social Service.** Purpose, Forms, Technique.
First term—three hours.

ENGLISH

131. **Composition and Rhetoric.** A study of the laws of composition with reference to sentence structure, development of the paragraph, and the qualities of diction. Frequent short themes required.
This course is required from all Freshmen.
First term—three hours per week.
132. **American Literature.** The History of American Literature with assigned readings and reports.
This course is required from all Freshmen.
Second term—three hours.

133. **Advanced Composition.** A course in theme writing, emphasis is placed on narration, description and exposition.
Pre-requisite, Course No. 131.
First term—three hours.
134. **History of English Literature.** A rapid survey of English Literature from 449 to the Victorian period with assigned readings and reports.
Pre-requisite, Course No. 132.
Second term—three hours.
135. **Elements of the English Language.** The nature and beginning of the early English; the growth of the English vocabulary; the decay of grammatical inflections.
First term—three hours.
136. **Literature of the Drama.** A study of the origin of the English Drama, with reference to its growth and development.
Second term—three hours.
This course will be omitted alternate years.
137. **English Poetry.** A study of English poetry from Chaucer to Tennyson. Attention is paid to verse structure and scanning. Students taking this course are urged to submit original poems for criticism.
First term—three hours.
This course is given alternate years.

138. **Origin and Development of the English Novel.**
A survey of the growth and development of the English Novel from 1719 to 1890.
First term—three hours.
This course is given alternate years.
139. **Elements of Literary Criticism.** A study and discussion of the leading principles underlying literary criticism; book reviews.
Second term—three hours.
140. **Philosophy of Literature.** An examination into the fundamental principles of literature with reference to its constituent elements.
First term—three hours.
141. **A Course In Shakespeare.** The spirit of the Elizabethan age; Shakespeare's life, his art and a critical analysis of his more representative plays.
Second term—three hours.
142. **A Special Course In Theme Writing.** This course is given with a view of developing the expository method in literary and scientific subjects.
Pre-requisite No. 131.
This course will be omitted in alternate years.
143. **Argumentation and Debate.** The preparation of briefs and the public delivery of debates.
Second term—three hours.

144. **Public Speaking.** The preparation of brief talks on pertinent topics with attention to voice production and manner of delivery.
Both terms—three hours.
145. **The Technique of the Short Story.** An examination into the principles of the short story; critical analysis of the more representative short stories.
Second term—three hours.
This course is omitted alternate years.

MATHEMATICS

161. **College Algebra.**
First term—three hours.
162. **Advanced Trigonometry—Plane and Spherical.**
Second term—three hours.
Courses 161-162 are required for all further work in mathematics.
163. **Analytical Geometry.**
First term—three hours.
164. **Calculus.**
Second term—three hours.
165. **Calculus.**
Continuation of Course 164.
First term—three hours.

166. **Elementary Mechanics.**
Pre-requisite, Courses 164-165.
Both terms—two hours.
167. **Differential Equations.**
One term—three hours.
168. **Vector Analysis.**
One term—three hours.

BIOLOGY

191. **Invertebrate Zoology.** Lectures and laboratory six hours. Second term.
- 192a. **Vertebrate Zoology.** Lectures and laboratory six hours. Second term.
- 192b. **General Botany.** This course will cover the principal groups of plant life with special reference to the needs of Pre-Medical students. Lectures and laboratory six hours.
First term.
193. **General Biology.**
Lecture Course. One term—two hours.
194. **Laboratory Course.** To accompany 193.
One term—two hours.
195. **Physiology and Hygiene.**
Lectures and Laboratory. One term—four hours.

- 196. **Advanced Course in Botany.**
- 197. **Laboratory Course.** To accompany 196.
Both terms—six hours.
- 198. **Advanced Course in Zoology.**
- 199. **Laboratory Course.** To accompany 198.
Both terms—six hours.
- 200. **Bacteriology.** Theory and Practice.
One term—four hours.
- 201. **Histology.** Theory and Practice.
One term—four hours.
- 202. **Embryology.** Theory and Practice.
One term—four hours.
- 203. **Parasitism.** Lectures and Demonstrations.
One term—one hour.
- 204. **Hygiene.** Lectures and Demonstrations.
One term—one hour.
- 205. **Anatomy of the Cat.**
- 206. **Laboratory Course.** To accompany 205.
One term—six hours.

CHEMISTRY

- 221. **General Inorganic Chemistry.** A study of the
non-metal and metallic elements and their
compounds.
Both terms—two hours.

222. **Laboratory Course** to accompany No. 221.
Both terms—four hours.
223. **Qualitative Analysis.** A course in the detection and separation of the common acids and bases.
One term—two hours.
224. **Laboratory Course. Qualitative Analysis.** Detection and separation of acids and bases and analysis of various substances.
One term—four hours.
225. **Quantitative Analysis.** A study of the gravimetric and volumetric determination of the common elements and radicals.
One term—two hours.
226. **Laboratory Course. Quantitative Analysis.** Quantitative determinations of familiar compounds and alloys.
One term—four hours.
227. **Organic Chemistry.** Study of the compounds of carbon including both aliphatic and aromatic derivatives.
Both terms—two hours.
228. **Laboratory Course. Organic Chemistry.** Preparation and study of typical organic compounds.
Both terms—four hours.

229. **Biochemistry.** Study of the composition, reactions and products of living material.
Both terms—two hours lecture; two hours laboratory.
230. **Physical Chemistry.** Lectures and recitations on the elementary principles of modern physical chemistry.
Both terms—three hours.
231. **Applied Chemistry.** Analysis of foods and technical products.
Both terms—one hour lecture; four hours laboratory.
232. **Industrial Chemistry.** Lectures on the principles underlying industrial processes illustrated by experiments, lantern slides and specimens.
233. **Metallurgy of Iron and Steel.** Study of the properties, constitution and manufacture of cast iron, wrought iron and steel.

PHYSICS

251. **Mechanics, Heat.**
Forms with Course 252, a general course for first-year students in College Physics.
Pre-requisites, High-School Physics, Mathematics 141-142.
First term—three hours.

252. **Electricity, Sound, Light.**
Supplements Course 251.
Second term—three hours.
254. **Experimental Physics.**
Taken in conjunction with Course 252.
Second term—two hours.
255. **Problem Course in General Physics (Elective).**
A course in physical problems supplementing
Courses 251-252.
Both terms—one hour.
256. **Analytical Mechanics.**
258. **Magnetism and Electricity.**
More advanced course than that offered in
Course 252.
Both terms—two hours.

259. **Magnetism and Electricity.** Advanced Laboratory work.
Designed to accompany Course 258.

262. **Sound.**
Advanced course in the theory of Sound.
Open to Juniors.
One term—three hours.
263. **Theory of Heat.**
Pre-requisites, Courses 251-252.
Open to Juniors.
One term—three hours.

LEAGUE OF THE SACRED HEART

To foster a love of our divine Lord and a tender devotion to the Blessed Sacrament, and to create an active interest in all matters religious, the Apostleship

of Prayer and League of the Sacred Heart has been introduced in the school.

On the first Friday of each month special devotions are held in the College Chapel.

ARCHCONFRATERNITY OF THE HOLY INFANT JESUS

The end of this Archconfraternity is to obtain from Heaven through the Divine Child Jesus:

First—That God may have the first place in all the studies in educational establishments throughout the world.

Second—That teachers and pupils may be everywhere free to observe the laws of Holy Church without any restraint whatever.

Third—That Catholic children may not be exposed to loss of faith in schools where God is not recognized.

THE AQUINAS

The Aquinas is published monthly by the students. Its object is the cultivation of the literary aspirations of the students, the recording of the more significant events of the college and the cementing in a bond of fellowship the members of the Alumni. The following are the members of the staff for the year 1925-1926.

Editor-in-chief, Raymond T. Law, A.B. '26.
Assistant editor, William Giroux, A.B. '27.
Assistant editor, Paul Ketrick, A.B. '27.
Assistant editor, James Hosie, A.B. '27.
Assistant editor, Joseph Farrell, A.B. '27.
Alumni, Leo A. Granahan, A.B. '26.
Exchange, John W. Price, A.B. '26.
Business Manager, Joseph X. O'Malley, A.B. '26.
Advertising Manager, Miles Nealon, A.B. '28.
Asst. Advertising Mgr., Paul Rafter, A.B. '28.
Asst. Advertising Mgr., Austin Burke, A.B. '28.
Circulating Manager, William Barriscale, A.B. '28.
Athletics, Joseph Sheridan, A.B. '26.
Humor, Marshall K. Lynch, A.B. '28.
Cartoonist, John Chisick, B.S. '29.

THE ST. THOMAS COLLEGE DEBATING SOCIETY

This society is composed of the students of the college department and is divided into a Junior and a Senior Society; the former comprises the students of the Freshman and Sophomore classes; the latter, the Junior and Senior classes.

The object of the society is to develop and perfect the members in the art of public speaking and debating. The society meets weekly and a public debate is held at intervals throughout the year.

Officers of the Senior Society

President, Morris Gelb, '26.
Vice-president, Daniel Vaughan, '26.
Secretary, Paul Koval, '26.
Treasurer, Frank Bonner, '27.
Regulator, Joseph Cimino, '27.
Reporter, Joseph Farrell, '27.

Officers of the Junior Society

President, John Holland, '28.
Vice-president, John Giering, '28.
Secretary, William K. Dolan, '28.
Treasurer, Leo Harding, '29.
Regulator, Robert Davitt, '28.
Reporter, Walter Feeney, '28.

ORATORICAL CONTEST

A contest is held annually in the College, usually around May 15th. Students of the College Department are eligible. The essays that are delivered must be the students' compositions.

COLLEGE ORCHESTRA

The college orchestra was organized in 1915 and at the present time consists of sixteen members. Any student of the college with an aptitude for music is eligible for membership. Recitals are held at intervals and the orchestra plays at many of the functions held in connection with the activities of the

college. Mr. Edward Cusick, leader of the Strand Orchestra conducts weekly rehearsals. The following comprise the members.

Violins	French Horn
Alexander Michiewicz	G. Molinaro
Francis Kurlancheek	Cornet and Trumpets
Henry Rodzjewski	Eugene Walsh
Mendel Raker	Paul Butterly
Joseph Sullivan	
Clarinets	Traps
Gabriel Pugliano	Edward P. Nolan
Kenneth Dolan	Piano
	Joseph Farrell
Saxophones	Cello
Peter Romanow	Joseph Sullivan
Clem Koschinsky	
Mr. Edward Cusick, Director	
Brother F. Patrick, Moderator	

THE DRAMATIC CLUB

The St. Thomas Dramatic Club was founded in 1923, when it produced "The Man From Mexico". In 1924 they collaborated with the students of Marywood College. In 1925 they produced "Charley's Aunt".

The officers for the year 1925-1926 are as follows:

- President, Joseph T. McNulty, '26.
- Vice-President, Joseph X. O'Malley, '26.
- Secretary, William J. Giroux, '27.

Treasurer, Michael J. Eagen, '27.
Publicity Manager, James J. Hosie, '27.
Advertising Director, Joseph P. Sheridan, '26.
Advertising Manager, John J. Gallagher, '27.
Director, Rev. Thomas J. Burke.

ST. THOMAS PHILOSOPHICAL SOCIETY

The Philosophical Society is one of the active and really progressive organizations among the student body. Organized early in 1925, and including from the beginning nearly one hundred student members, the society has been instrumental in bringing well known professional men and specialists to lecture to the students of philosophy on frequent occasions. The purpose of the society is to encourage and promote research work in the philosophical field.

The officers for the current term are:

President, Paul Ketrick, A.B. '27.
Vice-President, James Jordan, B.S. '27.
Secretary, John Gallagher, A.B. '27.
Treasurer, Harry McCusker, A.B. '27.

ST. LA SALLE AUXILIARY

This society has for its object the gaining of financial aid to support and educate young men as novices at Ammendale while preparing to become Christian Brothers. In a campaign conducted during October, 1925, over twelve hundred dollars was brought into the treasury of the Auxiliary for this purpose. The

auxiliary, although including the entire student body upon its membership rolls, has also numerous supporters throughout the region. There are various privileges obtained through membership in the Auxiliary, such as sharing in frequent novenas made at Ammendale by the novices for the intentions of members, participation in daily Masses for the souls of living and deceased, etc.

THE COLLEGE ALUMNI ASSOCIATION

The College Alumni Association has been organized to foster among its members a spirit of loyalty to their Alma Mater and to perpetuate the friendships formed at the college.

Regular meetings and reunions are held from time to time as prescribed in the rules and by-laws of the association. The officers of the Alumni for the years 1925-1926 are the following:

President, Paul V. Barrett, 1904
908 Myrtle Street
Scranton, Pa.

Vice-President, Rev. Dr. Thomas McHugh, 1905
1427 College Avenue,
Scranton, Pa.

Secretary, Frank J. O'Hara, 1925
1107 Dunmore Street
Throop, Pa.

Treasurer, Edward R. McHugh, Ex. 1916
440 Birch Street
Scranton, Pa.

ALUMNI COMMITTEES

**Committee on Constitution
and By-Laws**

T. Linus Hoban, Chairman
John Memolo
William Shean
Joseph R. Jordan
James M. Collins
James Eagen

Executive Committee

Dr. John Larkin
Rev. Wm. P. Kealy
William R. Lynett
T. Linus Hoban
Frank B. Megargee
Paul V. Barrett
John J. Howley
Frank J. O'Hara

Publicity Committee

Wm. R. Lynett, Chairman
Manus Langan
Paul A. Barrett
Joseph M. McGowan
Irwin Scanlon
Paul Walsh

Membership Committee

Frank J. O'Hara, Chairman
William A. Gillard
Rev. Thomas McHugh
Aloysius P. Walsh
Maurice V. Cummings
William A. Healey
Carl J. Burke
James J. Gillespie
Dr. Joseph Manley
Bernard Foote
Dr. Bernard Maffucci
Dr. Frank Tonrey
William Mundy

Entertainment Committee

Frank Megargee, Chairman
Albert Brust
Eugene Kelly
Eugene Casey
Albert Flemming
James Walsh

Financial Committee

Eugene Cusick, Chairman
Desmond F. Leonard
Denis J. Kelleher
James R. Bell

Banquet Committee

Dr. John A. Larkin, Chairman
Rev. Hugh Kelley
Frank Hawley
Thomas McElroy
William Beatty
Rev. Geo. Goeckel

Committee On Sites

John J. Howley, Chairman
D. L. Boland
Rev. Martin O'Connor, S.T.D.
James A. Barrett
Dr. William Corcoran
Frank Dickert

Athletic Committee

Rev. W. P. Kealy, S.T.D.,
Joseph E. O'Brien
Denis J. Kelleher
James G. Cooney
Michael J. McHugh
Rev. James P. Holleran
Patrick J. Reynolds
Eugene Casey
Dr. James O'Toole

SENIOR CLASS

Burke, Patrick J.	Plains
Derrig, Joseph Patrick	Dunmore
Devers, Charles Thomas	Avoca
Dunleavy, Vincent J.	Minooka
Ford, Patrick Henry	Archbald
Gelb, Morris	Old Forge
Goodman, Aaron David	Seranton
